DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 29 March 2007 has been entered. Claims 10 and 20-21 are cancelled; claims 1-9, 11-19 and 22 are pending.

Specification

2. In view of the amendments to the title, the examiner withdraws the objection to the specification.

Claim Objections

3. In view of the cancellation of claim, the objection to this claim is rendered moot.

Response to Arguments

4. Applicant's arguments, see "Remarks," filed 29 March 2007, with respect to the amended subject matter have been fully considered and are persuasive. The rejection of claims 1-9, 11-19 and 22 has been withdrawn.

Allowable Subject Matter

5. Claims 1-9, 11-19 and 22 are allowed.
6. The following is an examiner's statement of reasons for allowance:

Claim 1, as amended, is an ocular stimulation device, comprising a noninvasive contact lens with a photoconductive member embedded in a surface thereof for electrically stimulating an eye of a wearer of the lens, wherein the member includes a return electrode and a stimulating electrode that is generally centrally disposed on the lens. It is well known in the art of ocular stimulation to provide a non-invasive contact lens for stimulation of the eye, wherein the lens comprises photoconductive elements as well as electrodes. However, it was neither explicitly taught nor obvious to one of ordinary skill in the art at the time the invention was made to provide a contact lens including a photoconductive member, a return electrode and a stimulating electrode, all contained on the surface of the lens.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
